PROFESSIONAL SUMMARY

Final-year **BSc IT** student with a strong foundation in **web development** and hands-on industry exposure through **Work Integrated Learning at Discovery Invest**. Backed by two years of formal web development training and real-world project experience, including an e-commerce website for a clothing brand. Passionate about **emerging technologies**, modern development practices, and building clean, user-focused digital solutions. Seeking a **Graduate / Junior IT or Software Development role** where I can grow and contribute from day one.

CORE SKILLS

Web & Software Development

HTML5, CSS3, JavaScript, C#, C++, Python, SQL

Frameworks & Platforms

WordPress, WIX, GitHub Pages
